Reference for Bill Miller

Bill Miller worked as a project manager for Morgan Keefe Builders, Inc. from 4/3/2007 through today. Unfortunately, we had to lay Bill off as he has just completed a project and we have no available project for him at this time.

While in our employment, Bill completed four custom residential homes ranging in price from \$1.8-\$3.8 million. In all cases, we had very satisfied homeowners and I would venture to say you could contact any of them and get very positive feedback.

Bill has been a committed and valuable member of the MKB team and he will be missed. I always found Bill to be focused on satisfying the homeowners' needs and to have good attention to detail, both in the quality of the home and in the execution of managing his projects. Bill has a broad knowledge of construction and seems to truly enjoy the building process. Bill is a good communicator and has always inspired trust in our clients.

I have enjoyed working with Bill and wish him all the very best. I certainly feel he has a bright future wherever he lands. I would welcome a phone call if you have any further questions.

Sincerely,

Brenda S. Tudor  
President
